CREATING POINTS OF ATTRACTION IN MODERN CITIES

DION specializes in crafting water features, kinetic and art installations, seamlessly integrating contemporary art, innovative developments, and cutting-edge technologies to create new points of attraction that enhance city and corporate branding.

WE CREATE ART INSTALLATIONS

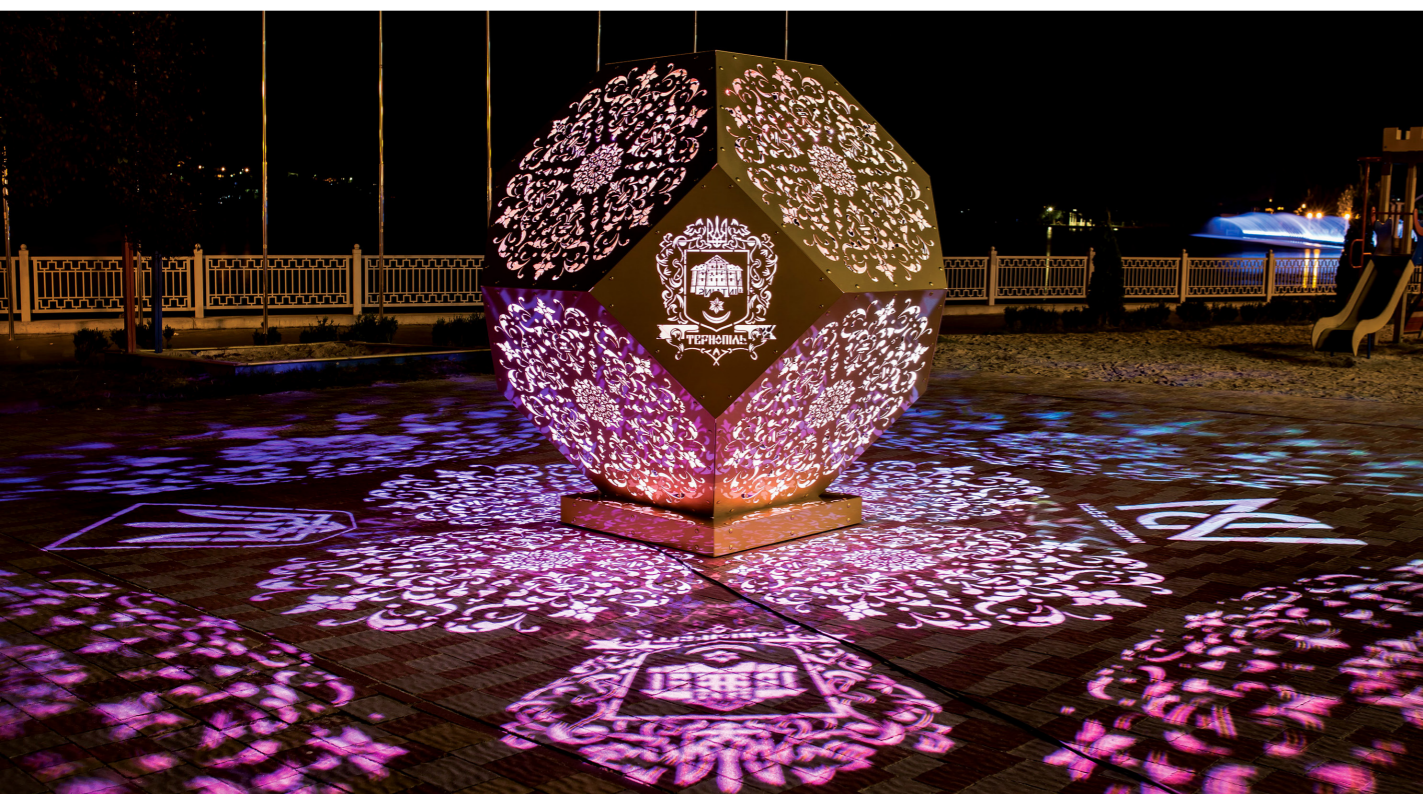

We transform clients' wishes into unique art installations
by combining our ideas with technical know-how.
Let the whole world see them.

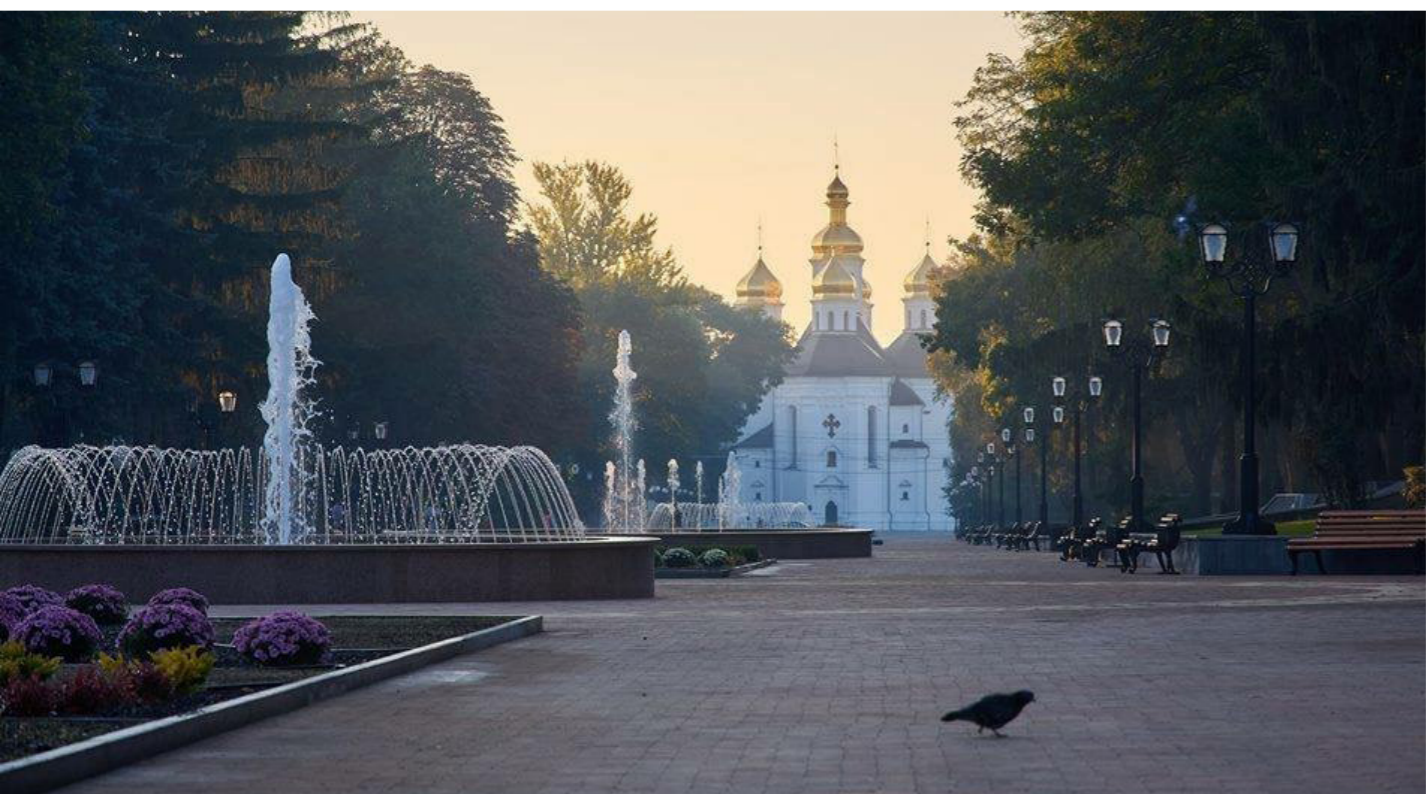

WE CREATE FOUNTAINS

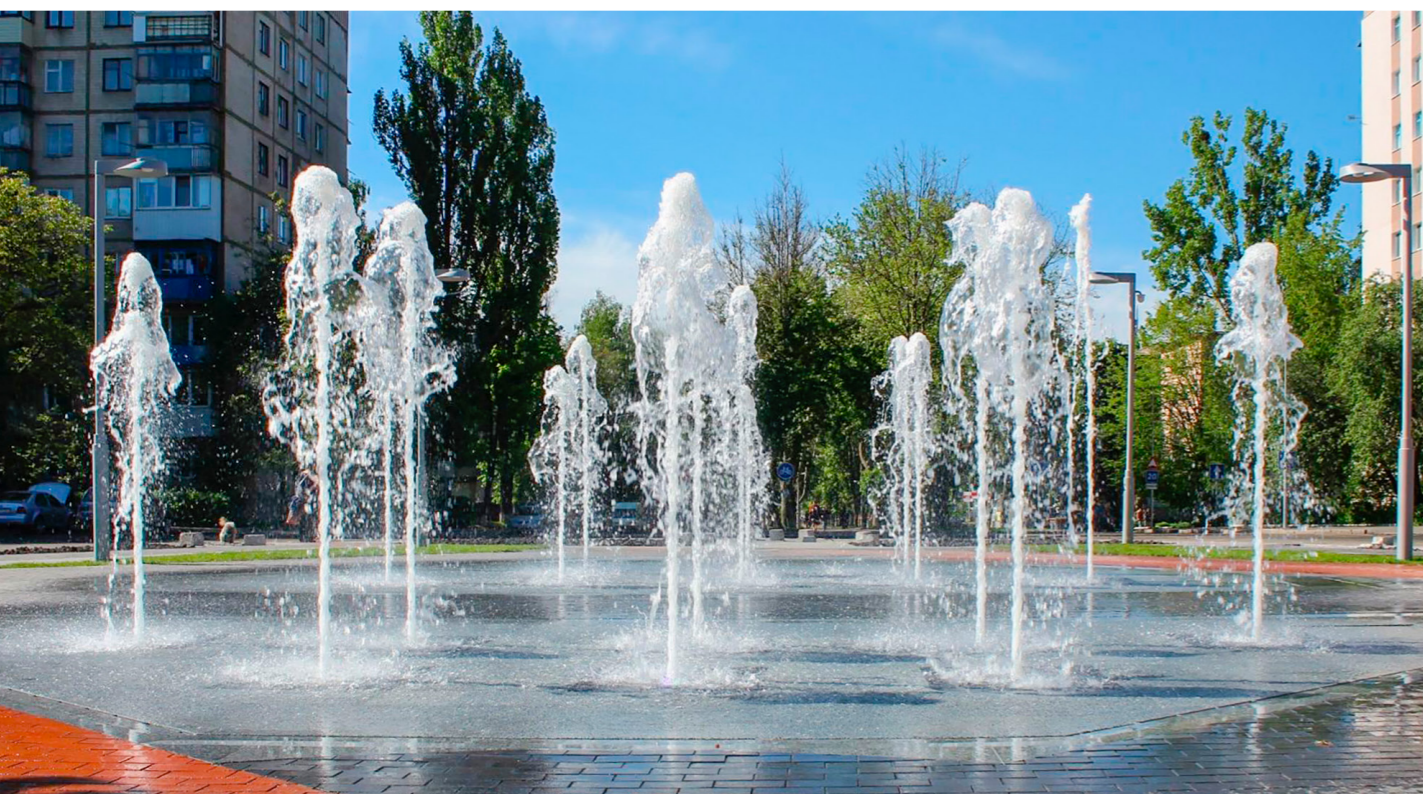

We collaborate with our clients from idea to installation, designing, site assessing, preparing project documentation, and the supply of modern equipment. We skillfully direct water to reflect your ideas, creating fountains that evolve into cities landmarks.

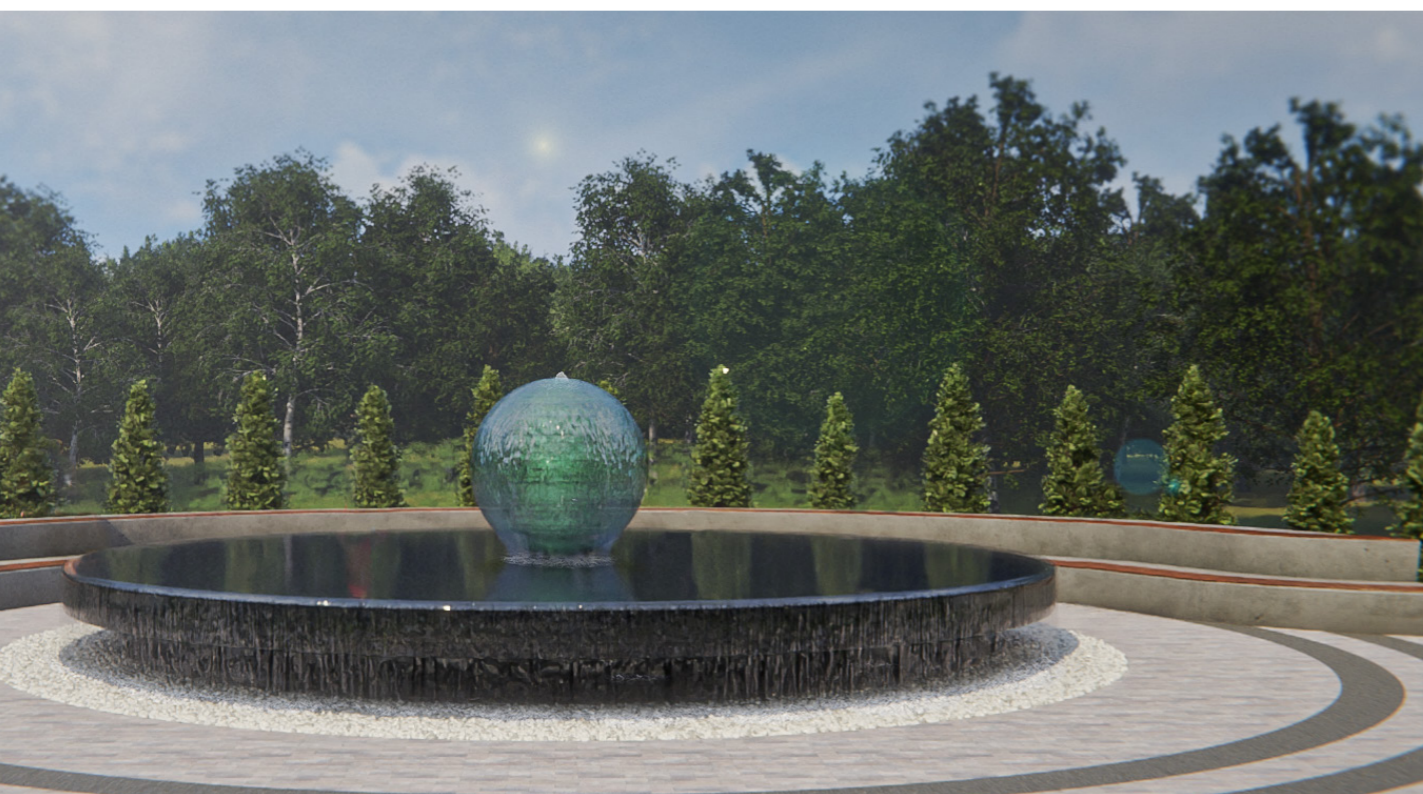

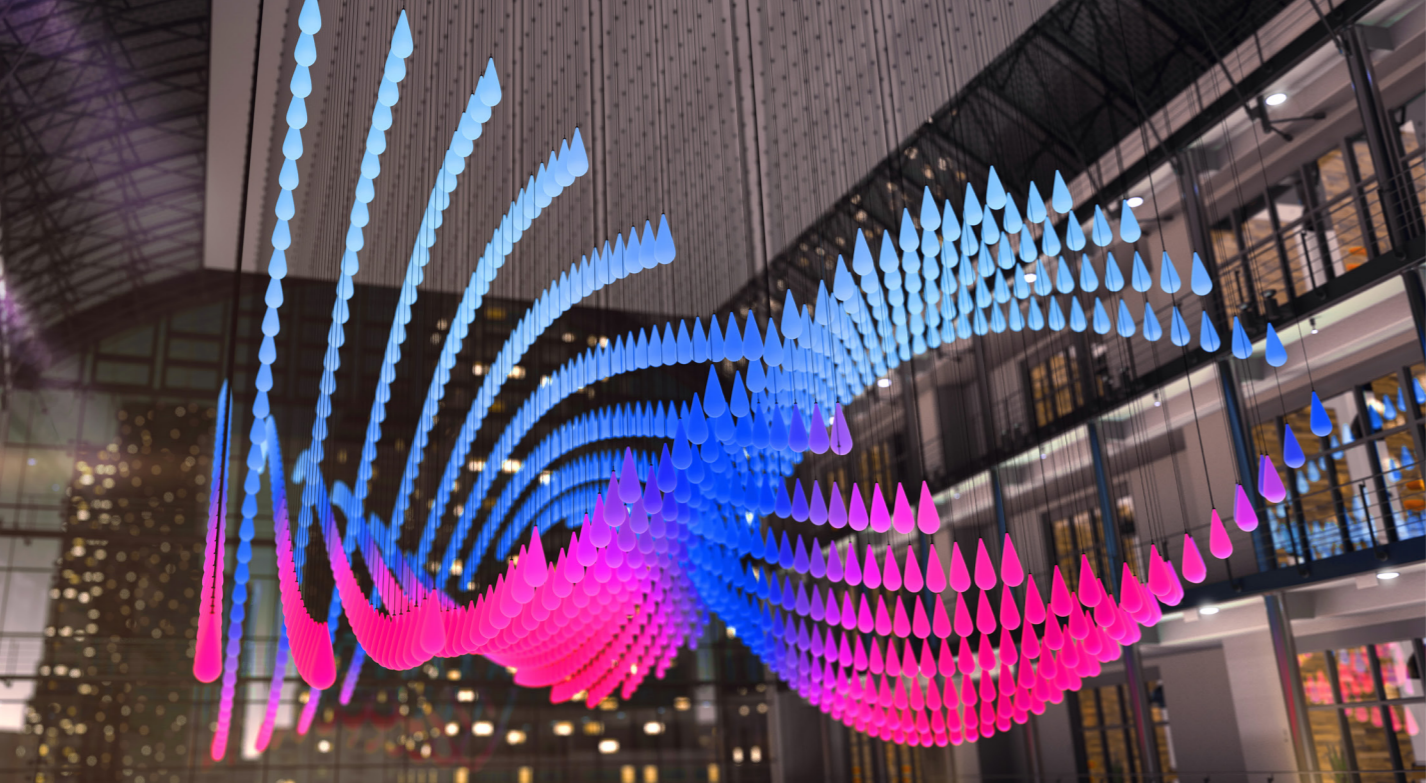

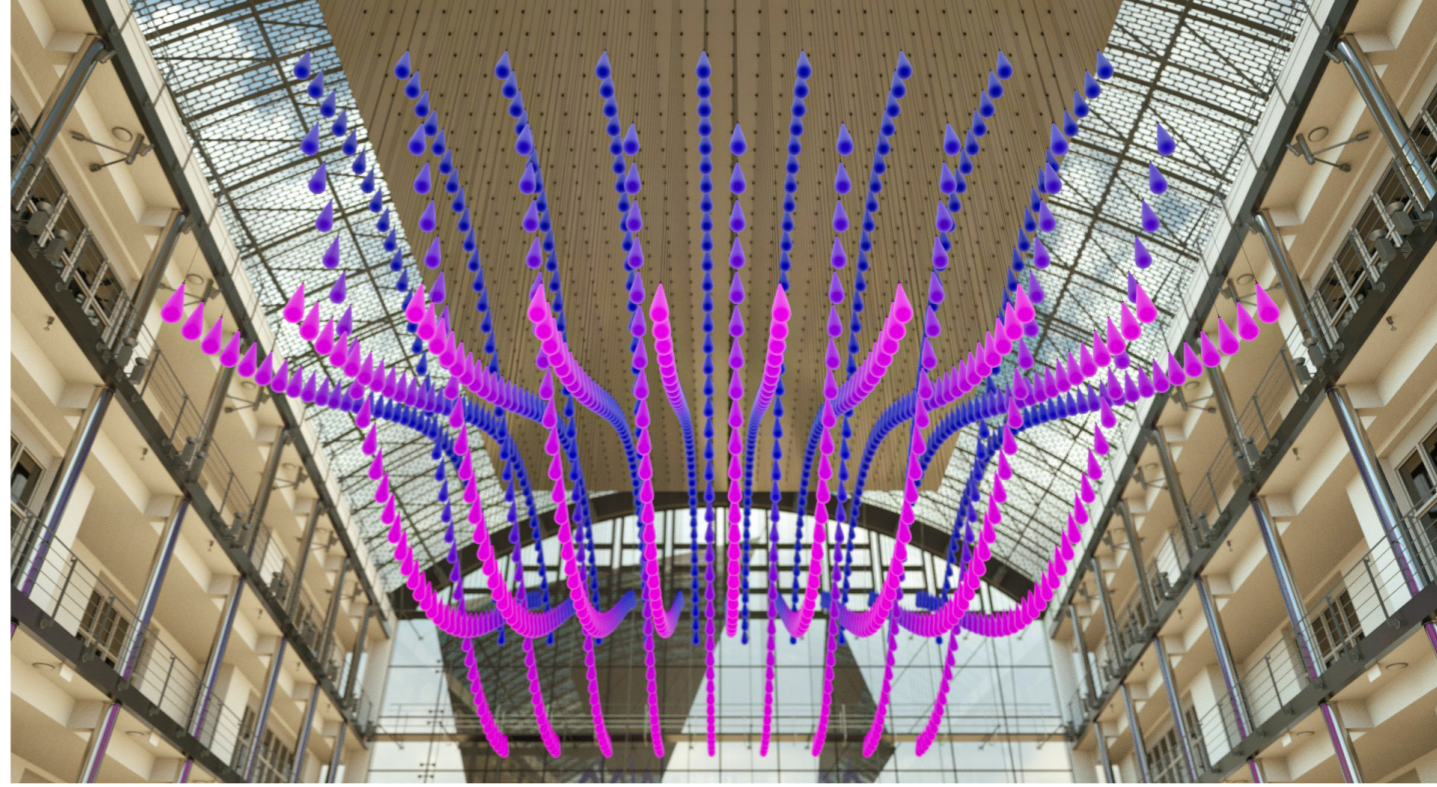

WE CREATE KINETIC INSTALLATIONS

DION creates unique kinetic installations by combining art and technology.

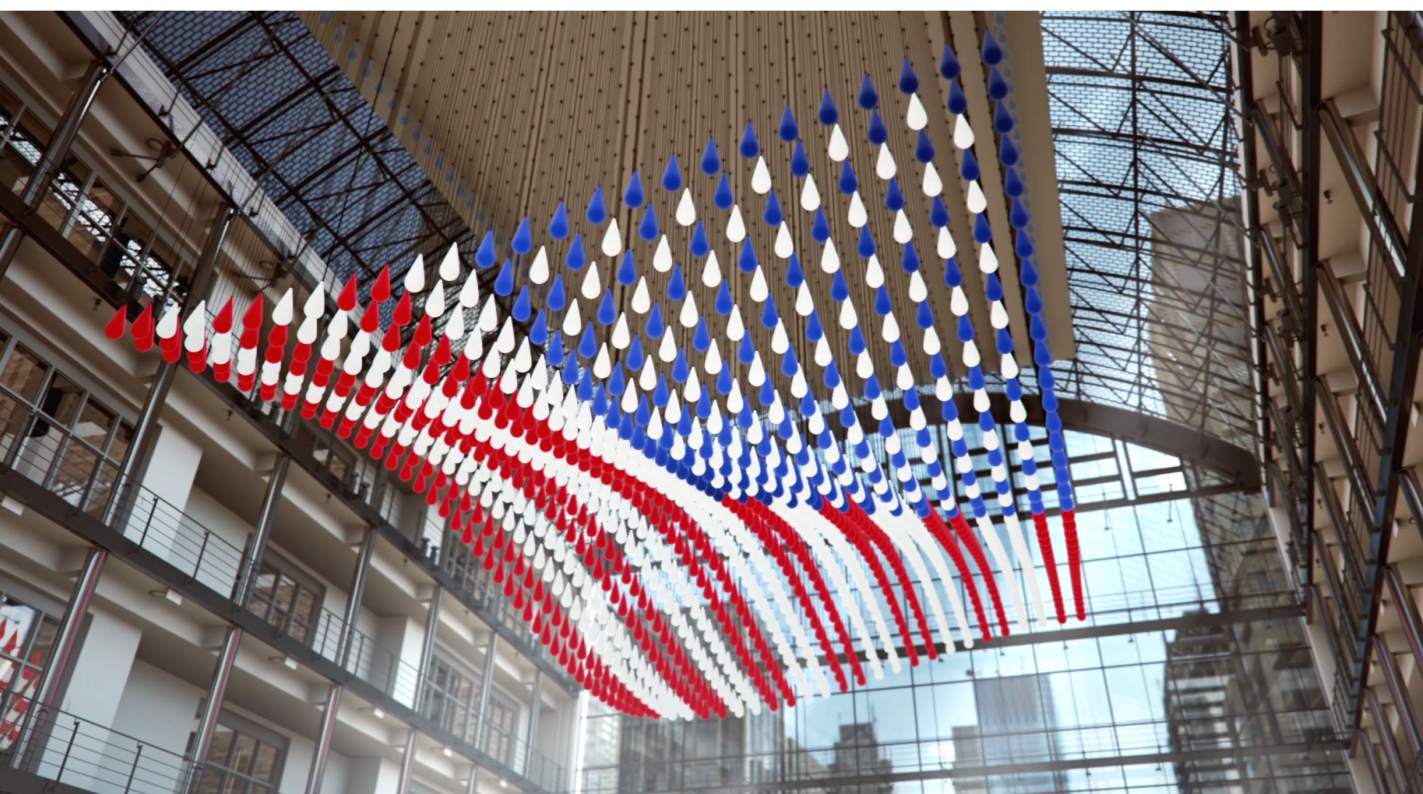

Our team professionally handles all tasks, from concept to installation, paying special attention to details to bring motion ideas to life.
